

Outcomes Framework Consultation Feedback Form

What is being decided?

South Australia is developing an Outcomes Framework for Children and Young People (birth to 18 years) to monitor, track and report the outcomes of children and young people in 5 dimensions; health, safety, wellbeing, education and citizenship.

The Outcomes Framework will guide the South Australian Government's work for children and young people and target policy, legislation, funding and services to inform a cooperative, whole-of-government (state and local) approach to the setting of objectives or policies affecting children and young people.

The Outcomes Framework must include provisions designed to improve the outcomes of Aboriginal children and young people.

By having robust indicators and measures, the Outcomes Framework will allow longitudinal tracking and reporting and provide a way or means of telling how all children and young people in South Australia are developing and progressing over time.

Get involved:

Feedback from children and young people, their parents, carers, families and others in South Australia will help determine the indicators and measures that are crucial to tracking and reporting the outcomes of our youngest South Australians.

To give your feedback about the indicators and the measures for the Outcomes Framework:

- Review the [proposed indicators and measures](#)

Use one of the following options:

- Complete this feedback form and return it to ChildrenSA@sa.gov.au
- Mail a submission to:
Outcomes Framework Consultation

| |
| S2: Children and young people are safe from preventable injury |
| |
| <i>S2.1: Number of children and young people under the age of 18 years presenting to emergency departments with potentially preventable hospitalisations</i> |
| |
| <i>S2.2: Number of deaths attributed to children and young people under the age of 18 to preventable/unintentional injury</i> |
| |
| <i>S2.3: • Number of police cautions or fines issued for failing to safely restrain passengers under the age of 16 years of age</i> |
| |
| <i>S2.4: Number of children and young people aged 5-13 years who attend a swimming safety program</i> |
| |

| |
|-------------------------------------------------------------------------------------------------------------------------------------------|
| SAFETY – Young South Australians are safe and nurtured |
| S3: Children and young people are safe from abuse and neglect |
| |
| S3.1: Number of children aged 5 years admitted to out of home care |
| |
| S3.2: Proportion of children aged 12 months or under notified to the child protection system |
| |
| S3.3: Proportion of children aged 5 years notified to the child protection system |
| |
| S4: Children and young people are safe from crime |
| |
| S4.1: Proportion of children and young people who know how to get help |
| |
| S4.2: Number of children and young people aged birth-17 years who were victims of an offence against the person reported to police |
| |
| S4.3: Number of arrests that involve young people aged 10-17 years |
| |
| S4.4: Proportion of children and young people aged 11-14 years reporting that they feel unsafe in their local area at night |
| |

| |
|--------------------------------------------------------------------------------------------------------------------------------|
| WELLBEING – Young South Australians are happy, inspired and engaged |
| W1: Children have early experiences that enhance development |
| |
| <i>W1.1: Proportion of children with special needs aged birth-5 years attending approved child care services</i> |
| |
| <i>W1.2: Proportion and number of 3 year old Aboriginal children enrolled in a quality pre-school program</i> |
| |
| <i>W1.3: Proportion of all 4 year old children enrolled in a quality pre-school program in the year before fulltime school</i> |
| |
| W2: Children and young people are connected to family and culture |
| |
| <i>W2.1: Proportion of children and young people aged 5-14 years participating in selected cultural activities</i> |
| |
| <i>W2.2: Proportion of children and young people aged 5-14 years attending selected cultural venues and events</i> |
| |
| <i>W2.3: Proportion of young people aged 15-19 years attending selected cultural venues and events</i> |
| |
| W3: Children and young people play and participate in activities according to their capabilities and interests |
| |
| <i>W3.1: Proportion of children and young people aged 9-15 years participating in activities outside of school hours</i> |
| |

| |
|------------------------------------------------------------------------------------------------------------------------------------------|
| WELLBEING – <i>Young South Australians are happy, inspired and engaged</i> |
| W4: Children and young people are leading satisfied lives |
| |
| W4.1: <i>Proportion of children and young people aged 9-15 years who feel optimistic about their life</i> |
| |
| W4.2: <i>Proportion of children and young people aged 9-15 years that report a medium to high level of satisfaction with life</i> |
| |
| W4.3: <i>Number of children and young people under 19 years who are homeless</i> |
| |

| |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EDUCATION – Young South Australians are successful learners |
| E1: Children enter the school system with the development, skills and capacities to take advantage of the school learning environment |
| <i>E1.1: Proportion of children who are developmentally vulnerable in 1 or more of 5 domains under the Australian Early Development Census (AEDC) when they enter school</i> |
| E2: Children and young people’s experience of learning is positive |
| <i>E2.1: Proportion of all children aged 3-5 years attending a preschool program in the year before fulltime school</i> |
| <i>E2.2: Proportion of Year 1 students who were reading at an age-appropriate level or better</i> |
| <i>E2.3: Proportion of Year 3 students who achieved at or above national minimum standard in reading and writing and numeracy</i> |
| <i>E2.4: Proportion of Year 5 students who achieved at or above national minimum standard in reading and writing and numeracy</i> |
| <i>E2.5: Proportion of Year 7 students who achieved at or above national minimum standard in reading and writing and numeracy</i> |
| E3: Children and young people are engaged in school, further education or training according to their capabilities |
| <i>E3.1: Proportion of young people aged 15-19 years who are engaged fulltime in school or further education and training</i> |
| <i>E3.2: Proportion of 19 year olds who completed SACE</i> |

| |
|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| CITIZENSHIP – Young South Australians participate actively in society |
| C1: Children and young people are engaged in decision-making and develop life skills |
| <i>C1.1: Proportion of young people aged 14-15 years who are literate</i> |
| <i>C1.2: Proportion of young people aged 14-15 years who are numerate</i> |
| <i>C1.3: Proportion of young people aged 15-19 years who are financially literate</i> |
| <i>C1.4: Proportion of young people aged 16-19 years who have a driver's licence</i> |
| <i>C1.5: Proportion of young people aged 15-19 years who are satisfied with their level of independence – being able to do what they want</i> |
| <i>C1.6: Proportion of young people aged 15-19 years who are satisfied with their life overall</i> |
| <i>C1.7: Average hours of paid employment for young people aged 15-19 years</i> |
| <i>C1.8: Proportion of young people aged 15-19 years who do not currently live with their parents</i> |
| C2: Children and young people are involved in community activities |
| <i>C2.1: Proportion of young people aged 15-19 years who feel able to have a say within their community on important issues all or most of the time</i> |
